

RESERVA PACAYA SAMIRIA

5 DAYS/4 NIGHTS ADVENTURE

Vive, respira, disfruta

Lodging in tents and camping equipment / Day and night walks / Botanical walks, learning traditional medicine / Transportation by canoe to the inland lakes, called cochas / Fishing for piranha and other species / Ornithology / Walks to see the giant trees / search and observation of lazy bears and other mammals / Observation of gray and pink dolphins / Search and observation of alligators / Observation of macaws, parrots and toucans / Local fishing techniques / Search and observation of various species of primates / Others.

DAY 1

Arrival to the City of Iquitos. Reception and transfer to the city of Nauta by private car / Reception at the hotel of your choice in Iquitos and transfer to Nauta. Transportation by motor boat inside the Pacaya-Samiria National Reserve, during the trip you will be able to see pink and gray dolphins (bufeos) and various kinds of birds. Typical lunch on board. Arrival to the community and accommodation in the refuge or camping center. Excursion on foot or by boat around a lagoon (Huaylla cocha), to observe the elusive and well-known prehistoric birds (shanshos and Camungos). Dinner. Night walk to look for tarantulas, scorpions, giant frogs and nocturnal insects. Overnight in the Pacaya Samiria National Reserve.

DAY 2

Early canoe excursion to watch the sunrise and look for sloths and iguanas. Breakfast and departure in a Slow motor boat on the Pucate River looking for and observing various species of monkeys. Also colorful birds such as macaws, toucans and others. I arrive at a good place to camp. Lunch. Walk through the forest towards a lake (lake), opportunity to observe giant trees and learn about medicinal plants and their application today. Dinner. Night excursion by canoe to look for and observe alligators and nocturnal birds. In the same way we would have the opportunity to search and find snakes or other animals. Overnight in the Pacaya Samiria National Reserve.

DAY 3

Breakfast. Navigation to another camping spot. Rafting through a tributary river of the Pucate to look for Otters or river wolves that are found and seen occasionally in these small rivers. Lunch. Walk to see the well-known matapalos or “trees of the soul”. Learning and practicing survival techniques. Dinner. Night walk to search for other species of animals in the area, such as nocturnal monkeys, insects and more. Overnight in the Pacaya-Samiria reserve.

DAY 4

An early ornithological excursion. Opportunity to listen and recognize different types of birds and their respective sounds and songs. Also search for other minor and major primates. Breakfast. Fishing practice for Piranhas, Peacock Bass and other species. Lunch based on the day's fishing. Transfer to our last camping point of this tour. Day and night walk to search for other mammals such as the tapir, the capybara, the peccary and the peccary (all in the low season). Dinner and overnight.

DAY 5

Breakfast. Last walk around the area. Return to the camp in the community. Lunch. Free time to enjoy the refreshing waters of the Pucate River, using our amusement equipment, such as floating sticks and floating chairs, while observing dolphins around us. Return to the city of Nauta and return to the city of Iquitos.
